

PART OF MAIN STREET ACCEPTED BY COUNCIL

**Judge Greenleaf Reports It Is
Fair For Property Owners To
Pay Cost of Approaches**

At its meeting Tuesday morning the City Council passed ordinances accepting the asphalt work so far completed on the western part of Main street.

Passage of the ordinances, which had been held up, following protest of building of driveway approaches on Monday morning, went through without a dissenting vote after a statement by Judge J. J. Greenleaf, to whom Judge Shackelford had left investigation and final decision on the fairness of the matter, he brought up. Judge Greenleaf stated that he had investigated the matter and looked into a number of the legal phases as well, although the latter he had not had opportunity to run down to their final analysis. He said that the act of 1916 gave the Council the right to do whatever it thought best with the streets in the matter of improvement. As far as fairness to the property owner is concerned, Judge Greenleaf said that he thinks it right and fair that the property owner who is solely benefited by the building of the driveway approaches should pay the cost thereof. He said that if these approaches complained of had not been built, that a curbing and gutter would have been built, and the property owners would have been forced to build approaches later to secure access to the street; then again, he pointed out, that by narrowing the street, the property owner was saved a considerable sum in the cost of the street improvement, far more than the slight cost of the approaches. It was pointed out that if the streets had not been narrowed the cost to Judge Shackelford alone would have been \$335 more than he is required to pay now. As it is, the city pays a third of the cost of the street and a third of the cost of each and every approach. Engineer Creel said that a wider street is not justified by traffic conditions.

Mayor Evans said that to force the taxpayers of the whole city to pay any one man's approaches and driveway, or all on the paved streets would not be fair to them.

It was also pointed out that it was in the power of the Council to have apportioned the entire cost of the paved streets to the taxpayers instead of the city paying a third.

After a full discussion of the points at issue, the Council passed the street acceptance ordinances by unanimous vote.

The Street Committee was appointed by the Mayor upon motion, to confer with the L. & N. Railroad in regard to a proposition to extend Orchard street to the freight depot. It was said that the L. & N. had offered to build extension of the street if the city would buy a small lot, now owned by W. W. Broadus, and which it was said, can be obtained for \$250. In order to be sure just what the railroad company will agree to do, the Council put the matter into the hands of the street committee with power to act after investigation. It was shown that nearly everyone who has business at the freight depot will be much benefited by the extension of Orchard street.

Discussion of removal of garbage occupied much time of the councilmen. Councilman O'Neil suggested that the city should substitute a large wagon for the dump cart at present in use. He said that most of the time of the garbage collector is taken up in going to and from the dump with his loads in the cart.

The Mayor and several others thought that a regular schedule ought to be maintained and the people notified. Street Commissioner Allman said that many people want the garbage man to clean up their gardens and carry off all sorts of things such as limbs, as well as the usual run of garbage. It was pointed out that the removal of garbage and other things that become unsightly is a real service.

Mayor Evans called attention to the habit of a number of citizens on West Main street who have been sweeping leaves onto the new paved street. The recent rain washed leaves into two catch basins and flooded the street at several points he said. He said there is an ordinance prohibiting sweeping of trash onto the highways which ought to be enforced. The Street Committee was instructed to study a plan which will give satisfaction and the utmost degree of service to all the people on the garbage question at the last cost to the city.

A special committee composed of Councilmen O'Neil and Mershon was

named to investigate the right of the city to sell a 13-foot lot at the corner of East Main and Collins street. Councilman Mershon brought up the matter by saying that Mr. Matherly, business partner of Councilman Goldens would buy the lot if the city cared to sell it for \$500 and release the buyer from payment of the paved street assessment. Discussion developed the opinion that it was extremely doubtful if anyone would have the right to build on the lot as it is considered a part of the street, and the matter was finally left to the committee above named.

KENTUCKY LOSES LEAD AS HEMP PRODUCER

Kentucky until recent years the leading state in the production of hemp, now stands lowest among the recognized hemp growing states, the Department of Agriculture announced today. The Northern states now are leading in hemp production, Wisconsin supplying about half of the present total acreage. Next comes Minnesota, Michigan, Ohio, Indiana and California.

Kentucky's decline is attributed by agricultural experts to the predominance of tobacco as a commercial crop, and also to the fact that states coming newly in the hemp raising industry have adopted modern methods for large scale production.

Hemp and flax are the principal fibre crops of the United States. Of the former, 14,000 acres were grown this year, with an average yield of 700 pounds to the acre, divided about evenly between long fibre worth an average of 20 cents a pound, and tow, which now which now averages 10 cents a pound. This would bring an average value of the crop to \$105 an acre, a total value of \$1,470,000. Flax acreage has increased from 5,000 acres in 1919 to 6,000 acres in 1920. The yield is estimated at from 300 to 400 pounds per acre, worth 75 cents a pound. The total value of the flax crop is about \$1,600,000.

Much experimenting has been done with a view of utilizing hedges, or the woody center, which makes up half of the hemp stalk. One Ohio firm used several thousand tons for paper manufacture, but this use will need development in the way of shipping facilities and definite market, the department says.

LEAGUE CONFERENCES AT MARION DEC. 10

Harding Invites Republican and Democratic Senators To Discuss It With Him

Washington, Nov. 23—President-elect Warren G. Harding announced some time since that he would ask the "leading minds" of America to confer with him on this country's relations with the rest of the world before he enters on his administration. These conferences which will begin at Marion, December 10, will discuss confidentially what agency shall be formed to promote peace in the place of the League of Nations.

Invitations have been extended to Democrats as well as Republicans. Those already invited are:

Former President William H. Taft and former Justice Chas. E. Hughes; Senators Henry Cabot Lodge and John C. Calhoun, representing the reservation groups; Senators Philander C. Knox, Hiram Johnson and William E. Borah, of the irreconcilable group in the Republican party, and Senators James A. Reed, of Missouri, and John K. Shields, of Tennessee, Democrats who share these irreconcilable views. Senator Atlee Pomerene, Ohio Democrat who finally supported the Lodge reservations, has been included. A number of other Democrats, it is believed, will be asked in the conference later. Senator Oscar Underwood, of Alabama, is expected to be among these.

Former Secretary of State Elihu Root, who favors the acceptance of the present League of Nations without Article X and with modifications intended to Americanize it, is also among those invited to the conference.

LONESOMEST SCHOOL IN ALL KENTUCKY

Somerset, Ky., Nov. 23—Bear Wallow school in Pulaski county, is the most isolated school in Kentucky in the opinion of County Superintendent L. E. Meece, of Pulaski county. The school is ten miles from the nearest postoffice and the district the largest in the county. It has 26 pupils. There is no cleared land in sight of the school.

Recently State Superintendent of Public Instruction Colvin received a letter from Miss Susan B. Brinkley, of New York, asking for the name of the most isolated school. The superintendent forwarded the letter to Mr. Meece, who informed Miss Brinkley that in his opinion, the Bear Wallow school bore this distinction.

The school is located near the mouth of the Rockcastle river close to the McCreary and Laurel county lines. Mrs. Grace Wallace of Hail, Ky., is the teacher, Supt. Meece wrote.

RELICS OF EGYPT AND BABYLONIA

Brought To Chicago University
Tell Story of Sennacherib's
Defeat At Jerusalem

(By Associated Press)
Chicago, Nov. 23.—Fresh from
the Near East, 37 boxes of relics
of ancient Egypt and Babylonia
are now being unpacked at the
University of Chicago. They were
brought recently after an adven-
turesome trip by Dr. J. H. Breasted,
professor of Oriental History and
Egyptology. In the judgment
of museum officials here,
they make the Oriental museum
at the University of Chicago the
finest of its kind in the United
States. The university professor
and his staff of four were the first
white men to cross the Arab state
after it was proclaimed, going
from Bagdad to Aleppo. At times
the expedition travelled at great
personal risk.

The traditional friendship of
the Arabs for the English has now
turned to hatred. Dr. Breasted
reported. This, he said, was due
to the British giving over Syria
to the French after they had
promised the Arabs their own
kingdom in recompense for the
help they gave the British against
the Turks.

British political agents were be-
ing murdered in Mesopotamia
while the University of Chicago
expedition was in the country, Dr.
Breasted said. He related that a
British colonel who knew the
Arabs intimately was later killed
at the identical camping place the
University party had stopped at a
short time before.

"The English in Mesopotamia is
however, the greatest blessing
that ever came to the country,"
Dr. Breasted said. "It is accom-
plishing wonders in quieting the
turbulent Arabs and in bringing
in civilized conditions. Any one
who knows the Near East cannot
fail to rejoice at the British occu-
pation, and most of all the archae-
ologist."

Notwithstanding this hostility
to the British, the party deter-
mined to push on without protec-
tion across the deserts to the Me-
diterranean. They fortunately
found the Arabs friendly to
Americans.

One of the prizes brought back
to the Chicago Oriental museum
is an Assyrian prism chronicling
the destruction of Sennacherib's
army before Jerusalem. This
great Assyrian king had carried a
host against Jerusalem and sorely
troubled Hezekiah, king of Judah.
It is related in the Book of Isaiah
that Hezekiah sent to the prophet
Isaiah, that Isaiah prophesied
that Sennacherib would not enter
Jerusalem but would return to
Assyria by the way that he came,
and that the Assyrian's army suf-
fered a great destruction.

"This is a six-sided prism con-
taining the royal annals of Senna-
charib," Dr. Breasted said. "It
relates the chief campaigns of his
western wars and chronicles this
incident told in Isaiah. There is
a similar prism in the British mu-
seum, but ours is three years old-
er, and it is the first in the United
States."

A flint knife blade with a sharp
edge, which Dr. Breasted charac-
terized as the finest piece of chip-
ped stone known to man, is an-
other of the prizes of the collec-
tion. Still another is a small blue
vase from Egypt, where glass was
first used, which the professor
showed the first artistic use made
of glass.

A picture of early Egyptian
home life is afforded by a group
of 25 figures found in an Egyptian
tomb. Servants making bread,
washing, making music on a drum
and doing other familiar things
about the house 4,000 or 5,000
years ago, go to make up the most
complete group of the kind, it is
said, that has ever been uncovered
in one tomb.

Will be at Bob Walker's sta-
ble Saturday, Nov. 27.

JUNIOR RED CROSS WORKING AT HOME

Production of Sound American
Citizenship the First Aim,
Says Dr. Farrand.

On the badge of every member of
the Junior Red Cross are the words
"I Serve." That tells the story of the
school children's branch of the Ameri-
can Red Cross and its efforts to bring
happines to children throughout the
world.

Realizing that the time never was
so propitious as right now for teach-
ing the highest ideals of citizenship,
the entire present program of the Ju-
nior Red Cross has been framed under
the very inclusive phrase, "Training
for Citizenship Through Service" for
others. Since the Junior Red Cross is
the agency through which the Ameri-
can Red Cross reaches the schoolboys
and the schoolgirls, all its activities
are designed to come within the regu-
lar school program, and without creat-
ing new courses or increasing the num-
ber of studies to lend its aid in vitaliz-
ing the work of the schools.

"The thing that is needed," says Dr.
Livingston Farrand, Chairman of the
American Red Cross Central Commit-
tee, "is not a perpetuation of the Ju-
nior Red Cross, but the training and
breeding of sound American citizenship
inspired by the true, fundamental
ideals of sound democracy. One of the
great conceptions in making the Red
Cross a contributor to better citizen-
ship in our American democracy is the
realization that after all the sole hope
of any nation is with the children of
the country."

The plan of organization of the Ju-
nior Red Cross makes the school—pub-
lic, parochial and private—the unit,
not the individual pupils. Mutual serv-
ice, helpful community work such as
clean-up campaigns, care of the sick,
promotion of health regulations, par-
ticipation in civic and patriotic move-
ments—all these creative agencies de-
signed to translate into life and action
the regular school program are parts
of the machinery which the Junior Red
Cross places at the disposal of the
school authorities.

Graded study courses giving prac-
tical methods of civic training, supple-
mented by pamphlets and helpful sug-
gestions, are supplied to the local
schools by the Junior Red Cross. An
elaborate plan for promoting an inter-
change of correspondence between chil-
dren in different sections of the United
States as well as with children in for-
eign lands is being devised and will
take a prominent place in the estab-
lished classroom program.

In promoting the general cause of
child welfare, Red Cross courses in
home hygiene and care of the sick,
first aid, and dieting may be estab-
lished in all Junior Red Cross Aux-
iliaries.

The ideals and the objective of the
Junior Red Cross are embodied in the
pledge of service which the pupil takes
when he signs the membership roll and
pins on his coat the Junior's badge.
The pledge which binds together serv-
ice and citizenship reads:

"We will seek in all ways to live up
to the ideals of the Junior Red Cross
and devote ourselves to its service.

"We will strive never to bring dis-
credit to this, our country, by any un-
worthy act.

"We will revere and obey our coun-
try's laws and do our best to inspire a
like reverence and obedience in those
about us.

"We will endeavor in all these ways,
as good citizens, to transmit America
greater, better and more beautiful than
she was transmitted to us."

At the foundation of this school pro-
gram of the Junior Red Cross is a
great love for America's children.

RED CROSS ACTIVE IN DISASTER RELIEF

When disaster hits a community—
fire, flood, earthquake, explosion, bad
crop, or tornado—the American Red
Cross can be depended upon to follow
right at its heels with help for the
stricken people. Red Cross relief is
almost immediately forthcoming—food,
clothing, shelter and funds; doctors,
nurses and special workers with long
experience in handling similar trouble
elsewhere.

During the last year, ending June 30,
there was an average of four disasters
a month in the United States. One
hundred and fifty communities in
twenty-seven states suffered. The
largest and most destructive of these
were the tidal wave at Corpus Christi,
Texas, and tornadoes in Mississippi,
Louisiana, Alabama, Georgia, Ohio,
Indiana and Illinois.

In these events of horror 850 per-
sons were killed, 1,500 were injured,
13,000 were made homeless, about 80,
000 families needed help, the property
loss was nearly \$100,000,000 and al-
most \$1,000,000 in relief funds, not in-
cluding emergency supplies was ex-
pended.

To the sufferers from all disasters
during the year, the American Red
Cross sent \$120,000 worth of sup-
plies, 110 Red Cross nurses and seven
special relief trains. To meet the
needs of the stricken, the organization
set up ten relief stations, operated
thirty food centers and as many
emergency hospitals. One hundred
and twenty-five Red Cross chapters
gave disaster relief service.

If disaster ever strikes this town or
county, the citizens can be absolutely
sure the Red Cross will be right on
hand to help them in every way.

At the Southern Medical Conven-
tion in Louisville the lack of country

Shorty drops in on New York!

HERE WE ARE, PETE!

New York
Wednesday night

Camped once more in the plumb centre of our
old stamping grounds—rubbing elbows with the
roaring racket and running flush into more electric
displays, blazing posters and smashing signs that
sound the joys of Camel Cigarettes than you'd
ever believe could be jammed into one town!

When I hit Broadway this p. m. I'd said the
Reynolds folks had transplanted "Camel City"
right up here!

It seems like all New Yorkers have adopted
Camels as their own personal brand! And, Pete,
since this is the original speed town it's only what
you expect when you see 'em carry a package of
Camels in each coat pocket. If their right hand
is busy, they dig out their left hand desk—they
just won't lose time getting a Camel lighted!
That's the gait around here, old thoroughbred!

And, Peter, the New Yorker has his own A-1 pet
reason why he's so keen for Camels. For instance,
Doc Marshall will bet his car on Camels quality
against any cigarette in the world! Bill James
says to me—"Shorty, there never was mild, mellow
body like Camels." And, as for Dan Boggs—he
spills it that Camels are the only cigarette free
from any unpleasant cigarette aftertaste or ciga-
retty odor! And, he knows! Frank Frazer will
tell you it's Camels wonderful Turkish and Do-
mestic blend! And all of them are right!

And, Pete, old proof-of-the-pudding—you tell
'em that Missouri hasn't anything on little old
New York when it comes to that "show-me" stuff,
on cigarettes or anything else!

Sincerely

Shorty

Do This For Constipation

THE public should know that there is a vast difference in the action of the various remedies for constipation. Some are "flushes," purges, physics. They gripe and weaken.

For lasting effect use a laxative. Dr. Caldwell's Syrup Pepsin acts gently and mildly so that even a tiny baby can use it with safety. It is a compound of Egyptian Senna and other simple laxative herbs with pepsin and pleasant-tasting aromatics. A sixty-cent bottle will last an average family many months.

Dr. Caldwell's Syrup Pepsin is the most popular of all laxatives and more is used in American homes than any other. Last year eight million bottles were sold by druggists, the largest sale in the world.

TRY IT FREE
Send me your name and address and I will send you a free trial bottle of my Syrup Pepsin. Address me Dr. W. B. Caldwell, 513 Washington St., Monticello, Ill. Everybody now and then needs a laxative, and it is well to know the best. Write me today.

ceiving congratulations on the arrival of a fine son, who has been christened Earl Warren.

Ernest Shearow, Joe Burns, of Beattyville, Ky., Roscoe Overby, of Round Hill, were hunting last Saturday in this county.

Misses Martha Garrett and Zule Calico, who are teaching in Paint Lick High School, will spend Thanksgiving with the home folks.

Master Richard Lynn Evans is very much improved, having submitted to an operation for tonsillitis at the Patie Clay Infirmary, Saturday morning.

Misses Laura and Camilla Blanton will be at home from Cardome Academy for a week end visit to their father, W. E. Blanton, on West Main street.

The Danville Advocate says:—Miss Elsie Buchanan and Miss Margaret Ruth Coates, of Woman's College faculty, were in Louisville for a week end visit.

Miss Lillian Smith will arrive from Frankfort Wednesday to spend the Thanksgiving holiday with her parents, Prof. G. D. Smith and Mrs. Smith, on High street.

Mr. and Mrs. Howard Neale Thompson, who have been spending several days with the former's mother, at the Colyer flats, left Tuesday for San Antonio, Texas, for an indefinite stay.

Miss Marie Langford, who is attending school at Science Hill, will be home Saturday and will have as her guest, Miss Eloise Menich and Miss Hogue, of Frankfort, and Miss Hilde Gee, of Glasgow.

YOU don't use as much of Calumet as you do of most other Baking Powders. It has more than ordinary leavening strength. You save about half.

You don't pay a big price for Calumet. It's sold at a moderate price—that represents another saving.

You don't feel uncertain as to results. Baking never fails—because Calumet never fails. Below the proven standard of "Best by Test."

It possesses the highest quality ever put into a Baking Powder. Contains only such ingredients as have been officially endorsed by United States Food Authorities.

For weeks, for months, it keeps as fresh and full of strength as the day it left the Calumet Factories, the World's Largest, most Sanitary and Modern Baking Powder plants.

It is important that you use only straight wheat flour (not self-rising flour) and pure baking powder if you wish to obtain the gluten demanded by sound health.

Calumet Gold Cake Recipe
Yolks of 8 eggs,
1 1/4 cups of granulated sugar, 2/3 cup of water, 1/2 cup of butter, 2 1/2 cups pastry flour, 3 level teaspoons Calumet Baking Powder, 1 tablespoon of vanilla. Then mix in the regular way.

Only a Cold

Are you ill? Is often answered—"Oh! it's only a cold," as if a cold was a matter of little consequence, but people are beginning to learn a common cold is a matter not to be trifled with, that some of the most serious diseases start from a cold. As soon as the first indication of a cold appear take Chamberlain's Cough Remedy. Remember that the sooner you get rid of your cold the less the danger, and this remedy will help you to throw it off.

Our Contest for Xmas Holidays

The contest will be open to every woman and child in Madison county. Every one has an equal chance to win the prizes. It costs you nothing to enter the contest.

The idea in putting on this contest is to create business for the Christmas trade. Each contestant will receive credit for the amount of business they send to our store from November 15th to December 24th.

First come to our store at your earliest convenience and register your name as a contestant. Second, go into the contest with a determination of winning the best prize. Third, make a thorough canvass among your friends and ask them to make their purchases at Muncy Brothers store, and give the salesman from whom they buy their articles the ticket with your name to be deposited in the ballot box, marking the amount of sale on the ticket.

To the one sending the largest amount of business will be given the first prize. To the one sending the next largest amount of business will be given the second prize, and to the third winner the prize will be given for the largest number of customers sent to the store during the contest.

RHEUMATISM LEAVES YOU FOREVER

Deep Seated Uric Acid Deposits Are Removed and the Rheumatic Poison Starth To Leave the System Within Twenty-four Hours.
Every druggist in this county is authorized to say to every rheumatic sufferer that if two bottles of Allenru, the sure conqueror of rheumatism, does not stop all agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly refund your money without comment.
Allenru has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitiable and where the patient was helpless.
Mr. James H. Allen, the discoverer of Allenru, who for many years suffered the torments of acute rheumatism, desires all sufferers to know that he does not want a cent of anyone's money unless Allenru decisively conquers the worst of all diseases, and he has instructed all druggists to guarantee it in every instance.

WATSON PREDICTS WAR WITH JAPAN

Hot Springs, Ark., Nov. 23.--Declaring the Japanese to be a "selfish, grasping nation," and stating that "what Japan gets her hands on she never lets go of," United States Senator James E. Watson, of Indiana, in an interview here today, predicted that Japan will attack the United States. War between the two nations he said, is only a question of time.
"The Pacific Ocean has been made a Japanese lake," said Senator Watson, and the Philippines and the little Island of Guam, both American possessions, are at the mercy of a country, whose people consider themselves far more clever than the people of other countries. When Japan engages in the inevitable conflict with the United States those islands will have no more protection than a thistle in a storm. Japan is a member of the League of Nations, but that crafty, cunning nation some day will attack the United States. The League of Nations never will prevent a war. It is functioning now, and there are seven wars in progress.
"The only way to seek a preventive for war is to civilize the people of the world, and the only way to civilize the people is to christianize them."

Ever Get Bilious? Try This

Take NR at once. Get digestive and eliminative organs working in harmony and relief is immediate. Never causes griping.

NR Tonight--Tomorrow Feel Right

When your liver goes on strike and you feel a sick headache and bilious spell coming on, instead of prodding your liver with dangerous calomel and harsh purgatives, get out your box of mild, gentle-acting NR Tablets and take one right off.
Relief will come just as quickly and with it genuine, lasting benefit. There will be no griping, cramping, pain or doubling stomach ache. Nature's Remedy (NR Tablets) work promptly and thoroughly, but the action is gentle, mild and soothing.
Relief comes through the action of Nature's Remedy on not only the liver, but on the whole digestive and eliminative system--the stomach, the bowels and even of the kidneys. Stored up accumulations of waste and body poisons that have been clogging the system are completely cleared out, the over-worked stomach is strengthened and the interrupted work of digestion and assimilation is resumed. The inactive liver goes to work with new vigor, the bowels are unburdened, the headache leaves, that dull, "dopey," want-to-crawl-down-a-hole feeling disappears, energy, "zip" and appetite return and you feel yourself entirely, completely relieved.
There is no better proof of the great value of Nature's Remedy for biliousness and constipation than the fact that more than one million NR Tablets are used every day--more than two million boxes sold every year.
If you've not already done so, get a 25c box of Nature's Remedy (NR Tablets) and take the first tablet tonight. If your constipation is stubborn or persistent, continue to take one each night for a week or so. Then note how you feel. Your bowels will be as regular as clock work, and you'll find yourself in better shape physically, mentally, every way than you've been in many a day. After that you need not take medicine every day. An occasional NR Tablet to keep your system in good condition will be sufficient, and you can always feel your best. Remember it is easier and cheaper to keep well than to get well. Just try it.
Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

At last! Mars has spoken!

YOUNG HIRAM Jinks.
HAD TRIED for weeks.
TO TALK to Mars.
BY WIRELESS.
HE'D POUNDED his key.
CALLING "MARS. Hello, Mars."
UNTIL HIS right biceps.
WAS THE village pride.
HE HARDLY dared to sleep.
LEST HE miss the call.
AND SAY! One evening.
HE GOT an answering buzz.
"YEP, THIS is Mars."
AND HIRAM shook all over.
AND STUTTERED back in Morse.
"HAVE YOU any word.
FOR US on Earth?"
QUICK CAME the answer.
"YOU CAN tell the world.
THEY SATISFY!" Then silence.
HIRAM RAN to the corner store.
AND SHOUTED in triumph.
"A MESSAGE from Mars!
YOU CAN tell the world.
THEY SATISFY."
BUT THE village elders.
MERELY SNORTED "Shucks.
KNOWN THAT for years."
WHILE OUT in the army camp.
THE RADIO man.
WHO'D BEEN kidding Hiram.
THREW AWAY his butt.
AND LAUGHED himself to sleep.

B-U-Z-Z-Z. Listen to this one! Chesterfields "satisfy," and yet they're mild. With body enough to "satisfy" even a cigar smoker, Chesterfields are mild enough to suit even the most finicky cigarette smoker. That's some combination!—and this unique blend can't be copied.

CHICAGO GAMBLERS RAIDED BY POLICE

Chicago, Nov. 23.—Almost 1,000 arrests were made and gambling paraphernalia valued at thousands of dollars were seized in a crime drive in Chicago.

The drive was started at midnight and continued until tonight. Charles Fitzmorris, chief of police and Michael Hughes, chief of detectives, personally directed operations.

The prisoners, for the most part were gamblers, but scores of men and boys carrying arms were gathered in. Many had burglar tools. The drive brought in numerous drug sellers and bootleggers.

Raids were centered on notorious gambling dens. How it was carried on is illustrated by the raid on an "Artie Quinn's smoke shop." The place was swarming with gamblers and the tables were loaded with gold and silver.

Automobiles loaded with detectives and police dashed to the curb, and officers smashed thru the doors and into the heart of the dive. Gamblers who attempted to "rush" the police and escape were clubbed.

When the place was "mopped up" ten loads of prisoners were hauled away. Gold, silver and currency taken from the gambling tables totaled more than \$12,000.

Another sensational raid was that on the establishment of "Nick, the Greek" Dandalos.

Scores were arrested but only a small sum of money was found. Dandalos was searched. He had \$340,000 that he had scooped from the tables hidden inside his shirt.

There was \$1,000,000 being gambled in the places we raided. "Where did it come from?" It came from the stick-ups, the jewelry robberies and the pay-roll robberies. Saturday night found these crooks in the gambling dens losing it all.

It's gambling that lures them. The rob and kill just to have something to shoot craps and play faro with. If they can't gamble they won't rob."

This Means You

When you get up with a bad taste in your mouth, a dull tired feeling, no relish for food and are constipated of Chamberlain's Tablets. They not only cause an agreeable movement of the bowels, but cleanse and invigorate the stomach and improve the digestion.

MOTHER GAVE IT

Virginia Lady Suffered With Aches and Pains Until Mother Began Giving Her Cardui.

Dublin, Va.—Miss Mary Alice Huggitt residing on Route 2, near here, recently told a visitor of her interesting experience with Cardui. Miss Huggitt said: "I had been suffering for some time with painful... I was pale, didn't feel like going. Would just drag around, and couldn't rest to do any good. I would suffer once a month with my back, sides and head. My limbs would ache and I didn't know what to do, but I knew I must do something, for I didn't get well by letting it run on."

"My mother is a believer in Cardui, for she saw what it did for others as well as herself, so she began giving it to me."

"It wasn't long before I saw a change. It was just what I needed. It regulated me. I began to eat and sleep, and the pain stopped."

"Cardui is without doubt the best female tonic made, and I am glad I can recommend it to others."

If suffering with symptoms such as Miss Huggitt mentions, or other ailments peculiar to women, why not begin Cardui at once? Its merit is well established by successful use for more than 40 years.

CAN GET RUN OF MINE COAL

R. A. Ford, Secretary of the Hazard Coal Operators' Exchange, named by Governor Morrow to receive distress orders during the coal famine, said:

"Run of mine coal, usually sold for steam heating purposes, will be shipped to districts where fuel is short and sold for domestic use."

This, it is expected, will relieve the famine until the usual quality of coal is secured. Mr. Ford said car shortage conditions in the Hazard field are worse than ever, and that mines recently have been able to operate only two or three days a week. Every town in Central Kentucky is practically without coal.

GEORGIA TECH WANTS TO PLAY YALE NEXT SEASON

New Haven, Conn., Nov. 23.—Representatives of Georgia Tech came here today to ask the Yale football management to place its team on next season's schedule. Georgia Tech won the southern championship by defeating Centre College.

The request that Georgia Tech be given a place on the Yale schedule was accompanied by a suggestion that a Yale game with Tech should be as interesting an event as Centre's game with Harvard.

The Yale schedule is likely to be settled within a fortnight and it is understood that Georgia Tech may have a place if the Boston College is not given a game.

Only a Cold
Are you ill? Is often answered—
"Oh! it's only a cold," as if a cold was a matter of little consequence, but people are beginning to learn that a common cold is a matter not to be trifled with, that some of the most serious diseases start from a cold. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. Remember that the sooner you get rid of your cold the less the danger, and this remedy will help to throw it off.
